

## RVers of Idaho

### July 2025 Newsletter

You can thank Monica that this newsletter is out on time. We have been so busy that I spaced it off until she reminded me that I hadn't done it yet. June went by so quickly. Our Rally at Glenns Ferry was a great time, the only thing that would have made it better is that more of our members could have been there.

Thank you, Tim and Bonnie, for all the work you put in to make the rally enjoyable. One of the City Councilmen gave us a tour of the downtown area one morning. It was quite interesting and well worth the time. The outdoor games were well attended (It was suggested that a certain cornhole player only get three bags in the future). The teams for each outdoor game were selected by random draw, which was a good idea. Thanks to Suzanne Craig and her team for badges. We had a good chili/soup cookoff. Thanks to all the good cooks and Judy Heimbach for the apron awards. Susan Buxton from Idaho State Parks and Recreation informed us on new happenings with Parks and Rec. We also had a seminar on service dogs that was very informative, thanks to the Caldwell Ramblers for setting it up. Thanks to all who helped with any of the functions to make this a great experience for all.

New Operating Guidelines were approved at the Executive Board meeting and are now on the website for you to look at.

Our fall event is coming up very quickly, if you haven't made reservations with Trinity View Resort yet you might want to do that soon. The phone number for them is 208 274-5050. Wendy is looking forward to us being there again this September, the dates are 9-14 September. The fees for camping are the same as last year, \$40 for full hookups and \$25 for power and water only. Cabins are \$85, all are plus tax. Hope to see you there. Registration form will be on the website soon. A planning meeting will be held July 1 at noon at Idaho Pizza at Fairview and Cole in Boise, any chapter members are invited to attend.

**RV TIPS:** Some things to plan for your RV trip A budget, how much to allocate for food, fun, overnight stays and FUEL. Your food supply, to buy and for eating out. Your route, the one you plan and alternate options. Stops, places you want to see along the way. Campgrounds, where along the route you plan to spend the night.

**FUNNIES:** Did you hear what happened to the optometrist? He fell into his lens grinder and made a spectacle of himself. Why do refrigerators hum? Because they don't know the words. What gets wetter and wetter as it dries? A towel.

Till we meet again

Ken and Monica
